STUDENTS AND CAREER PATHWAYS

St Eugene College

Dare to grow in faith, hope and love

ST EUGENE COLLEGE NEWSLETTER | NOVEMBER 2026 | ISSUE 4

YEAR 9 WORK EXPERIENCE WEEK

30 NOV - 4 DEC

Year 9 Work Experience Week is almost here! From Monday 30 November to Friday 5th December, our Year 9 students will step into real workplaces across our local community.

Celebrating VET Success: Ila Agnew

Congratulations to Ila, recipient of the 2026 St Eugene College Vocational Education and Training Award.

Throughout her senior years, Ila has shown outstanding commitment to creating her own pathway beyond school. Alongside achieving strong academic results and maintaining excellent attendance, Ila has ***successfully completed her BSB50120 Diploma of Business*** and ***commenced a School-based Apprenticeship in Carpentry.***

Ila's pathway journey has been characterised by initiative, persistence and a genuine willingness to explore opportunities.

Even before beginning her senior studies, she attended university open days, career expos and pathway events to better understand her options and make informed decisions about her future.

Over the past two years, Ila has grown enormously in confidence, independence and professionalism. She has taken ownership of her pathway, actively sought opportunities and worked positively with employers, training providers and College staff to turn her career interests into action.

Ila is an outstanding example of what can be achieved through vocational education and pathway learning, and a wonderful role model for other students.***Congratulations, Ila,*** on this very well-deserved achievement.
We are incredibly proud of all you have accomplished and look forward to seeing where your pathway takes you next.
